**ORDER**

**ROBERT W. LEHRBURGER, United States Magistrate Judge.**

The Court rescinds its inquest order at Dkt. 118, which was issued for entry before receiving Defendant's letter at Dkt. 119. The Court concludes that a settlement conference should be held before Plaintiff incurs any further attorney's fees in preparing inquest papers. Accordingly, if settlement discussions are not successful, the Court will issue a new inquest order at that time. Further, even if inquest papers are submitted before trial, the Court may hold decision in abeyance until after trial.

SO ORDERED.
